Note: The purchase of a laptop computer is included in the standard budget for new students enrolled either during Fall 2008 or Spring 2009. Continuing Students who have computer related expenses may petition the financial aid office for a budget increase. Receipts will be required.

Loan fees are mandatory in the Grad PLUS and Stafford loan programs. These fees may be added to your student budget at the discretion of the Financial Aid Director.

All graduating students will have their budgets increased by the direct costs of preparing to take the bar. Those costs will be added to the standard COA midway through the students last semester.
